

Campaign Post – March 9, 2021

To: Our Campaign Supporters, Community Friends, Associates and Council Members

Citizens for Healthcare
ANNOUNCING THE LAUNCH OF OUR NEW WEBSITE
CHANGE OUR HEALTHCARE - THIS IS OUR TIME
WINDSOR-ESSEX DESERVES BETTER!

We are pleased to announce the launching of our new Citizens for Healthcare Website. After months of hard work, time and effort of our Website Team, we have officially launched our Website. You can visit us on-line or click here at www.citizensforhealthcare.com.

Citizens for Healthcare, is a community-based organization founded in 2016, campaigning as an independent and non-partisan group of concerned citizens in support of the new Windsor-Essex Hospitals System Plan. Our time for a new Hospital is now!

Our goal with this new comprehensive and community based website is to keep you the Citizens of Windsor-Essex better informed and up to date on hospital plans, meetings, current events, and our future objectives for a Healthier Community. Moving forward together will help ensure we get the New Hospitals System Plan that is desperately needed.

The new website will also give you better access to, Who we are, How we work, How you can participate and how you can help expand our ever growing list of supporters, which is crucial for getting and keeping our Government's attention.

We again thank all our Community Supporters and in particular our Corporate Sponsors, most of who have been with us since early on and whose names we have used strategically with our Government mailing campaigns which have been of great value. We thank you!

YOUR CALL TO ACTION PLAN - SHARE THIS ANNOUNCEMENT - ASK FOR HELP

- Invite your friends, relatives, associates, who support better healthcare and ask them to visit our new Website to add their names and join.
- Share this announcement with all your social media friends, relatives and associates asking them to get involved

We look forward to hearing from you, we encourage your participation to share our Vision and Mission to change our Healthcare as Windsor-Essex deserves better!

Your "Citizens for Healthcare Team"
